LEELA

BY JACKSON MOORE

Once there was a princess named Leela and in case you're wondering, in the Kingdom of Courtnut, the kingdom Leela was born, it means spoiled and trapped. Although Leela wasn't spoiled, she was indeed trapped, trapped in a tower that is. Growing up, Leela's parents were very mean, they forced her to stay in their tower until she was 20. When Leela was 16, she couldn't take it anymore, she had to get out. Leela found a hammer, smashed her window with it, and jumped out. When she landed she ran for miles and miles until she stopped at a creepy old man. "Who are you?" said Leela. "Sylvester's the name." said the old man. Leela followed Sylvester until he stopped at a boat. "I'll sell you this boat for free." said Sylvester. "Deal." said Leela and she got on the boat. Leela saw that a rope was attached, then Sylvester unattached the rope. Leela ran where a steering wheel was supposed to be, but there was no steering wheel, then Leela realized it was a trick. Luckily there were some pork chops and a few packs of sour gummy worms, but Leela was very bored. After many days the boat came to a stop. Leela immediately got off and hoped it was a jungle, but all it turned out to be was a very tiny island with only one object: a coconut tree. Leela decided to drink a coconut and then realized she was forced to swim. So she did, then she started to sink, then she drowned. But before that, the last thing she saw was a fin. Then she woke up and saw she had an oxygen tank. At first Leela was confused, but then she turned around and realized she had been saved by a group of mermaids. "Who are you?" asked Leela. "Well you see," said one of the mermaids. "I am Sue, and this is Holly, Casey, Molly, and Wendy." "Nice to meet you, Sue, Holly, Casey, Molly, and Wendy." said Leela "want to have some adventure?" "Adventure?" said Sue. "We don't do adventures." "Yes, we mostly just do makeup." said Casey. "Oh no!" yelled Leela "I'm outta here!" "You may not want to." said Wendy. "There is a thunderstorm out there." But of course Leela just swam up to the top. Wendy was right, there was a thunderstorm. Waves were crashing everywhere. Leela managed to avoid some of them, but then a huge wave came and sadly, she couldn't avoid it. Later Leela landed on land, and woke up. She dusted herself off and found this wasn't an island, it was a jungle. And so Leela ran into the jungle, to continue her journey.
